What is Overdrive?

OverDrive is an online platform of foreign language eBooks and audiobooks available to patrons of the Karlsruhe Public Library.

OverDrive User Requirements

- Valid library card
- Internet access
- Compatible device with corresponding software

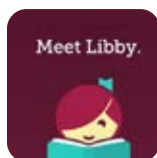

Login

You must have a valid Karlsruhe Public Library card in order to use this service. Sign in using your 12-digit library card number and your password. After you have registered, your default password is your date of birth (ddmmyyyy).

eReaders

Tablets and Smartphones

Libby is a reading app for mobile devices designed for borrowing eBooks and audiobooks from the library's OverDrive collection. OverDrive content can be downloaded directly to your mobile device using the Libby App. Libby is free-of-charge and available for Android and iOS devices. Once you logged into Libby you can immediately borrow, read and listen. Downloads begin as soon as a WLAN connection is established.

PC/Laptop

Open the following website in your browser <https://karlsruhe.overdrive.com>

Log in using your valid library card credentials. Browse for your desired title and click on "Borrow." Once the title is borrowed, you can:

- Read the eBook directly in your browser
- Download the eBook and transfer it to a compatible eReader using "Adobe Digital Editions"

eBook Reader

Various eBook-Readers can be using the integrated webbrowser to login, borrow and download eBooks. An Adobe ID is required to authorize the use of eBooks on eBook-Readers. Early returns are possible with this device.

- **Tip: Alternatively, you can use a PC to download and borrow eBooks. This is recommended as most web browsers for eBook-readers are outdated and content is slow to load.**
- **Tip: If your eBook-reader does not have internet access, use the download function on your PC. You need the program "Adobe Digital Editions."**

eAudio

Install "OverDrive for Windows Desktop" using the following link: <https://app.overdrive.com>
In your browser open: <http://karlsruhe.overdrive.com>

Sign in using your valid library card credentials. Search for a title of interest, then click "Borrow" followed by "Download." The OverDrive program will open automatically and start the downloading process.

"OverDrive for Windows Desktop" enables you upload digital audiobooks to your MP3-Player. After borrowing and downloading your file, connect your MP3-Player and PC/Laptop using a USB cable. Select the audio file and click "Transfer."

Loan Periods

E-Books: 14 days

E-Audios: 14 days

Checkouts allowed: up to 7 items

Holds allowed: up to 5 items
